

Seminars and Schools

10. '*Time-resolved scanning Kerr microscopy of magnetisation dynamics at the nanoscale*' Colloquia and Research Seminars Series, 13 December 2017, Cardiff University, UK
9. 'High frequency magneto-optical measurements' R.J. Hicken and [P.S. Keatley](#), Institute of Physics Postgraduate Magnetism Techniques Workshop, 11-13 December 2014, University of York, UK
8. '*Bottom up magnonics: Spin waves in isolated nanomagnets*' 2nd International Advanced School on Magnonics, 19-24 June 2016, University of Exeter, UK
7. '*Magnetisation dynamics at the nanoscale*' Centre for Doctoral Training Bi-monthly meeting, 25 November 2015, University of Exeter, UK
6. '*Time-resolved scanning Kerr microscopy of magnetisation dynamics at the nanoscale*' Condensed Matter Seminar Series, 29 April 2015, University of Leeds, UK
5. '*Magnetisation dynamics at the nanoscale*' Nanosurf Seminar, 12 February 2015, Nanosurf, Liestal, Switzerland
4. '*High frequency magneto-optical measurements*' R.J. Hicken and [P.S. Keatley](#), Institute of Physics Postgraduate Magnetism Techniques Workshop, 15-16 December 2014, University of York, UK
3. '*Time-resolved scanning Kerr microscopy: Application to Spintronic studies in Graphene*' Quantum Systems and Nanomaterials Group Seminar, 30 April 2012, University of Exeter, UK
2. '*Magneto-optical studies of thin film magnetic materials*' Magnetic Materials and Photonics Group Seminar, March 2007, University of Exeter, UK
1. '*Spin wave excitations and picosecond magnetization dynamics in patterned thin film magnetic elements*' Second Year PhD Presentation, October 2004, University of Exeter, UK
